

THE  
*wild thyme*  
**TABLE**

May 20, 2020

**Message from Dawn Carvajal, Chief Foodie and CEO of The Wild Thyme Table**

At The Wild Thyme Table, the health and safety of our employees, customers, and our community is our top priority. As an essential business, we are reopening our doors to the public. During this difficult time of the COVID-19 pandemic, we've made changes in order for us to operate at the new highest level to protect the health and safety of our employees and customers.

**New Business Hours:**

The restaurant will be open starting Thursday, May 21, 2020. The temporary business hours will be Monday through Friday from 9am-3pm. We have redeveloped our website to be more online order friendly. There will be 4 single tables and chairs configured only in the patio for any short-term seating. Most of the business will be focused on online ordering and take-outs/pick-ups at [order.thewildthymetable.com](http://order.thewildthymetable.com).

**Safety First Protocols:**

- We have limited our number of staff to 3 employees in the facility to ensure the practice of social distancing throughout the day.
- Our employees must fill out a daily health safety checklist by their supervisor in order to be approved to work their shift.
- We are providing our team with gloves, masks, and sanitizing products in consistent with the CDC guidelines.
- We are providing thermometers for our staff to take their temperatures before their shift and once during their break.
- We posted signs with guidelines for customers to request that they wear their mask while in the facility and while waiting in line outside.
- We have provided hand sanitizers for customers to use before entering the facility.
- We have limited the use of our bathrooms to employees only.
- We have stanchioned the restaurant to create a flow of a separate entrance and exit for our customers to continue the 6ft social distancing regulation.

We understand during this crisis, we may need to make changes to continue to keep health and safety our top priority while we provide our customers with their essential needs of quality tasty food.

On behalf of our Wild Thyme Foodie Family, we thank you for your support, stay safe and healthy!

Dawn Carvajal  
CEO, Chief Foodie
